

MyLife MyPension

Application to Change Investment Mix

This form is to be used by members with an Retirement Pension, Pre-Retirement Pension or a Term Pension account.

You can change how your money is invested in MyLife MyPension at any time. Simply choose the investment options available to you as shown in the Product Disclosure Statement (PDS) or other documentation provided in relation to investment choice. If you nominate invalid investment options or if you provide any information that is incomplete or ambiguous in the opinion of the Trustee, your request will not be actioned. You will be advised if this is the case.

If you're unsure of your decisions we recommend that you see a licensed or appropriately authorised financial adviser. Please refer to the Product Disclosure Statement, or other documentation provided, for details about the investment choices and options available under the Fund.

Together Trustees Pty Ltd (ABN 64 006 964 049; AFSL 246383) is the trustee of Equisuper Superannuation Fund (ABN 33 813 823 017) ("the Fund"). MyLife MyPension is a division of the Fund.

Step 2 – Choosing the Pension Default Strategy for your Retirement Pension

Complete this step if you would like to choose the Pension Default Strategy for your Retirement Pension (please note this strategy is not available for Pre-Retirement pensions).

- I choose to invest my account balance and future pension payments in the Pension Default Strategy. I understand that:
- The Pension Default Strategy applies to my account balance and pension payments
 - My account balance may be rebalanced at every quarter to align my investments with the Pension Default Strategy.

If you have completed this Step, then please go to Step 5 on page 4 and sign the form. You do not need to complete any information in 'Step 3 - Choose your investment options for your pension account balance' or 'Step 4 - Choose your investment options for your pension payments'. Your pension payment drawdown strategy will be established in line with the Pension Default Strategy. Please refer to the PDS for further information.

Step 3 – Choose your investment options for your pension account balance

You can leave this section blank if you only want to change the investments from which your pension payments are drawn (see Step 4). Complete this step if you would like to choose your own investment options. You can choose one or more investment options in any percentage. Please ensure the total adds up to 100% otherwise this form will not be processed and your investment allocation will remain unchanged. Alternatively, you can make online changes through your secure Member Online account at www.mylifemypension.com.au.

Do not complete this section if you have selected to invest in the Pension Default Strategy by completing Step 2 above. Please note that if you are in the Pension Default Strategy, and you make a selection under Step 3, you will cease to be in the Pension Default Strategy. This means that future rebalancing of your account balance will no longer occur. Refer to your PDS for further details.

* FlexiTerm Deposit is a closed investment option, however you can elect to fully switch out of FlexiTerm Deposit if you are already invested in this option.

Step 4 – Choose your investment options for your pension payments

If you do not complete this section of the form, each pension payment will be drawn proportionally from your assets.

New Percentage (%)

You can choose to have your pension payments made from one or more of the investment options you have chosen in Step 2 for your account balance. For example if your account is invested 80% Balanced and 20% Cash, you could choose to have your payment made from Balanced option only. Please ensure that all the percentages add to 100%.

Once there's no longer enough money in your chosen option(s), payments will automatically be deducted from the account balance invested in your other option(s). You'll be notified at the time, and can adjust your investment choice if desired.
